

Enrollment Management

Enrollment Management

Susan B. Davies, Associate Vice Chancellor for Enrollment Management

The Division of Enrollment Management is responsible for coordinating the recruitment, scholarship and retention activities of undergraduate students. It is committed to meeting the varied needs of students through an intensely personalized process which identifies and supports their academic interests and needs. It interacts with nearly every agency on campus and within the broader University community and is particularly responsive to supporting the instructional mission of the University.

The Division of Enrollment Management includes the Office of Admissions, the Office of Transfer Services, The Office of Financial Aid, University Scholarships, NCACHE - the North Carolina Appalachian Collaborative for Higher Education (GEAR-UP, Upward Bound and Pre-Enrollment Programs), and the Registrar's Office.

The Office of Admissions

Alexis S. Pope, Director

www.admissions.appstate.edu

The Office of Admissions coordinates the recruitment and selection of undergraduate students. It is committed to maintaining and improving the current quality of new students and to sustaining the desired number of entering students each year. The office provides information that will help make prospective students and their support groups aware of Appalachian and its offerings.

Admissions

Appalachian seeks to admit students who are capable of mature, college-level work. As a state-supported institution, the University recognizes its obligation to provide educational opportunities to those who will benefit from them. Consideration of classroom space places a restriction on the number of students who can be admitted to the University. For this reason, students are requested to apply as soon as possible after the application is available the year preceding enrollment. (typically early August)

Appalachian admits students at the beginning of the fall, spring and summer terms. Any person who wishes to enter the University during any term - fall, spring, or summer, as an undergraduate (freshman or transfer), returning/readmitted student, or non-degree student, should visit the website www.admissions.appstate.edu for full information and application procedures.

Freshman Admission Requirements

Applicants will be considered for first time admission to the freshman class upon meeting the requirements specified below. Those students who have demonstrated the greatest probability of success will be given priority in the selection of the freshman class. Admission is competitive. Requirements are as follows:

1. A properly completed online application for undergraduate admission
2. An application fee must be submitted with every application. This fee is neither deductible from the first semester fees nor is it refundable. The application and the application fee may be submitted electronically via www.admissions.appstate.edu.
3. Graduation from an accredited/approved secondary school (If the applicant has not graduated, an equivalency certificate is required.)
4. Presentation of a competitive combination of secondary school grades, class rank (if determined), evidence of competitive curriculum, and ACT or SAT score, as evidenced on an official high school transcript and/or test score document(s). Appalachian also "super-scores" the results if a student takes the SAT or ACT more than once. Scores from non-standard SAT or ACT administration for appropriately identified disabled students are also accepted.
5. Presentation of appropriate high school coursework as specified in the minimum course requirements (MCR) of the University of North Carolina (see below)
6. A Criminal Background Check may be required if conduct questions on the application are answered affirmatively.
7. A satisfactory health and immunization record once admission has been offered to the student
8. Official college transcript(s) if any college work has been attempted (even if coursework was not completed)

Minimum Course Requirements (MCR) for Undergraduate Admission

(Established by the University of North Carolina Board of Governors)

For applicants less than 21 years of age,

The following high school courses will be required for admission, in addition to an institution's own specific requirements:

Language, six course units including:

- four units in **English** emphasizing grammar, composition, and literature; **and**
- two units of a **language other than English**

Mathematics, four course units including **Algebra I**, **Algebra II**, and **Geometry**, and **a higher level mathematics course for which Algebra II is a prerequisite**. (Effective for high school graduates of 2006 and beyond, a fourth unit of mathematics is required for admission.) Mathematics courses that are approved for the fourth unit minimum requirement include the following: AP Calculus*, AP Statistics*, Pre-Calculus (formerly Advanced Math), Discrete Mathematics, IB Mathematics Level II, Integrated Mathematics IV, and Advanced Functions and Modeling. (*College Board, Advanced Placement Program, and AP are registered

Enrollment Management

trademarks of the College Board Entrance Examination Board.) It is recommended that prospective students take a mathematics course unit in the twelfth grade.

Science, three course units including:

- at least one unit in a life or **biological science** (for example, biology);
- at least one unit in a **physical science** (for example, physical science, chemistry, physics); and
- at least one **laboratory course**

Social Studies, two course units including one unit in **U.S. history**, but an applicant who does not have the unit in U.S. history may be admitted on the condition that at least three semester hours in that subject will be passed by the end of the sophomore year.

For applicants who are at least 21 years of age

Applicants who are (or will be) at least 21 years of age at the point of intended enrollment may be exempted from the UNC Minimum Course Requirements.

Minimum Admissions Requirements (MAR) *(Established by the University of North Carolina Board of Governors)*

All applicants for first-time admission as freshmen must meet minimum high school GPA and SAT or ACT scores. Students applying for admission must submit either the SAT I or the ACT. The minimum GPA and test scores to be considered for admission:

Minimum GPA	2.5
Minimum SAT	800
Minimum ACT	17

Transfer Admission Requirements

Applicants seeking to transfer from other accredited institutions must submit:

1. A properly completed online application for undergraduate admission.
2. An application fee must be submitted with every application. This fee is neither deductible from the first semester fees nor is it refundable. The application and application fee may be submitted together electronically via www.admissions.appstate.edu.
3. If under 21 years of age at the time of intended enrollment, an official transcript from high school. (If the applicant has not graduated from high school, an equivalency certificate is required.)
4. Final/official transcripts from all colleges attended (even if coursework was not completed).
5. A Criminal Background Check may be required if conduct questions on the application are answered affirmatively.
6. A satisfactory health and immunization record once admission has been offered to the student.
7. Transfer applicants must be currently eligible to return to the last institution attended.

Coursework with a "C" or better (grades of "C-" and below will not transfer) from a regionally accredited institution that is comparable to the course offerings at Appalachian State University is acceptable as transfer credit. ASU accepts credit under the guidelines of the North Carolina Comprehensive Articulation Agreement. See "Transfer Credit Policy" at www.transferservices.appstate.edu. Students must have completed 30 transferable semester credits; or be in progress of completing a total of 30 transferable semester credits, to be considered for admission as a transfer student. The minimum cumulative transfer GPA for admission is a 2.25 on all previous college work attempted.

NOTE: Students with fewer than 30 hours of transferable credit and who are also under 21 years of age at the time of enrollment will be reviewed based on their high school GPA, completion of the Minimum Course Requirements (MCR), as well as SAT or ACT scores (if available) to make a decision. If you feel this is applicable to you, we recommend you send us your official SAT or ACT scores and your Official High School transcript for consideration.

Because requirements for admission to particular programs of study at Appalachian are sometimes different, transfer applicants should refer to the requirements listed for that program of study within the specific college/school or academic department/program. As an example, applicants for admission to any of the academic programs offered by the Hayes School of Music must also successfully audition with the Hayes School of Music for acceptance into one of the music programs.

Students with Veteran and Military Service

All Active Duty, National Guard, Reservist, Veteran and Retired military students should apply as a Transfer Student. In addition to the general transfer admission requirements, students should submit the DD214 or the Leave and Earnings Statement, as well as the Joint Services Transcript. Students with 3+ years of active duty service who have completed less than 30 transferable semester credits are not required to meet Minimum Course Requirements (MCR).

Non-Degree Students

Non-degree applicants must complete the online application and pay a nonrefundable application processing fee. Applicants who have a satisfactory record of experience and education may be admitted to courses though they do not plan to pursue a degree. Non-degree students are admitted for one term only (space permitting), and must be re-admitted at the beginning of each subsequent term. An individual who has been denied admission as a degree-seeking student may not enroll as a non-degree student during the

Enrollment Management

academic year.

Non-Degree Teacher Certification Students

Non-degree teacher certification applicants must complete the online application and pay a nonrefundable application processing fee. Applicants must receive approval form from the Reich College of Education; applicants must hold a four-year degree from an accredited institution and must provide that transcript to the Office of Admissions. Non-degree teacher certification students are accepted on a space available basis.

Second Degree Applicants

Second degree applicants are those students who have earned a bachelor's degree from an accredited 4-year institution and are seeking an additional bachelor's degree from Appalachian State University. They should apply as a transfer student and must provide a copy of the transcript from their bachelor's degree-granting institution to the Office of Admissions. They will be reviewed and considered for admission as a transfer student, based on space availability.

Graduate Student Admission

For admission and graduation requirements, see the catalog for the Cratis D. Williams Graduate School.

International Student Admission Requirements

An international student wishing to apply for undergraduate admission should first make arrangements in her/his own country to take one of the following tests:

- Test of English as a Foreign Language (TOEFL)
- International English Language Testing Service (IELTS)
- SAT
- ACT

A student whose native language is not English may not be approved for admission as an undergraduate student (even if she/he meets all other requirements) until sufficient evidence of English proficiency from one of the above tests is received. International students must submit these test scores, official transcripts with English translations, and a financial statement if they need an F-1 student visa. To support international students interested in applying for admission, Appalachian has conditional acceptance partnerships with the American Language Academy (www.alaenglish.com), INTERLINK (www.uncg.interlinkesl.com), ELS (www.els.edu), and New Mind (www.newmindedu.com).

Once admitted, documentation to demonstrate sufficient financial resources to cover the estimated expenses for one year of study at Appalachian will be required prior to issuing the immigration documents needed to apply for a student visa. International students are considered out-of-state students for tuition purposes and pay tuition and fees based upon out-of-state/non-resident rates. Funds for financial assistance to international students are limited.

Any questions regarding immigration documents, international student orientation and pre-arrival materials, programs for international students, etc. can be answered by International Student and Scholar Services at iss@appstate.edu. For more information on the admissions requirements for international students, please go to www.admissions.appstate.edu and click on "Applying" and then the link for international students.

Returning Students/Readmission

Returning applicants are former undergraduate Appalachian students that have completed more than 15 semester hours at another institution or have left Appalachian with academic deficiencies. Students who have withdrawn in good standing from the University or who have completed less than 15 semester hours of transfer work since leaving Appalachian should re-enter through the Registrar's Office. Those returning students with **more** than 15 semester hours of transfer coursework completed since leaving Appalachian must reapply through the Office of Admissions.

A completed application includes the following items:

- A completed online application
- A non-refundable application fee
- Returning Student Form (online)
- Official college transcript(s) from any accredited institution attended after leaving Appalachian

Please note that the student's Appalachian transcript will be requested from the Registrar's Office by the Office of Admissions.

Forgiveness Policies

(For former undergraduate Appalachian students)

Former undergraduate Appalachian students may re-enter by means of either one of two forgiveness policies. These policies will permit the student's former cumulative grade-point average to be discounted, thereby allowing the student, upon returning, to begin a new cumulative grade-point average that will be used as the basis for graduation. The policies are:

Enrollment Management

1. If the student has not attended Appalachian for a minimum of one (1) year (including summer school), she or he will be eligible to apply for readmission to the University if she or he has earned a minimum of thirty (30) **new** semester hours of transferable credit from other collegiate institutions since she or he last attended Appalachian. ("Transferable credit" is defined as coursework that can be used for graduation purposes at Appalachian, and does not repeat an Appalachian course for which credit has been earned.) To determine eligibility for readmission, all the grades earned in transferable coursework at appropriately accredited institutions will be averaged with the grades earned previously at Appalachian and the combined average must be at least 2.0 (on a 4.0 scale) as calculated by Appalachian.
2. If the student has not attended Appalachian for a minimum of two (2) years (including summer school), she or he will be eligible to apply for readmission if: a) coursework earned at other collegiate institutions during the period of absence from Appalachian has a minimum cumulative grade-point average of 2.0 (on a 4.0 scale) as calculated by Appalachian; OR, b) the student has not taken coursework at any other collegiate institution during the period of absence.

A former undergraduate student may be re-admitted under a forgiveness policy **ONLY ONCE** during her or his academic career. At no time during the "stopout" period shall the student be dually enrolled at Appalachian and at another institution.

These policies are designed for readmission to the University and do not override specific grade requirements of individual colleges/school and/or departments/programs. Students returning to the University under a forgiveness policy must apply through the Office of Admissions and must complete a minimum of one year in residency (30 semester hours) beyond the date of their readmission.

The Office of Transfer Services

Jane M. Rex, Director

The Office of Transfer Services (OTS) is responsible for the timely and accurate evaluation of transfer credit. OTS serves as an advocate for transfer students by providing pertinent information to prospective and current students and offers resources and services that support transfer student success.

Transfer of Credit

Coursework with a "C" or better (grades of "C-" and below will not transfer) from a regionally accredited institution that is comparable to the course offerings at Appalachian State University is acceptable as transfer credit. Appalachian accepts credit under the guidelines of the North Carolina Comprehensive Articulation Agreement. See "Transfer Credit Policy" at www.transferservices.appstate.edu

Types of Credit

AP, CLEP, IB credits may be accepted. See the Admissions website to find the courses and acceptable scores for transfer purposes. www.admissions.appstate.edu/credit-examination-ap-ib-clep

Foreign Coursework

To receive transfer credit from a foreign university, transcripts must be evaluated in English by a credentialing agency such as: World Education Services (www.wes.org), Educational Credential Evaluators (www.ece.org/), Josef Silny & Associates (www.jsilny.com) or Global Credential Evaluators (www.gceus.com), etc. and the student must provide course descriptions or syllabi (in English).

Military Credit

Military training and experience will be evaluated upon receipt of the Joint Services Transcript with recommendations from the American Council on Education (www.acenet.com) used as a resource to award credit. See "Academic Regulations" on p. 50 for additional information.

North Carolina Community College Articulation Agreement (CAA)

The North Carolina Community College System and the University of North Carolina System revised the Comprehensive Articulation in Spring of 2014 with implementation in the Fall of 2014. The CAA enables students to meet the lower level general education requirements at UNC system institutions by completing the Associate in Arts, or the Associate in Science degree with a GPA of at least a 2.0 on a 4.0 scale and a grade of "C" or better in all CAA courses. Although the Transfer Core Diploma was excluded from the new revisions, students enrolled in the Transfer Core Diploma curriculum prior to the fall of 2014 may be awarded the Transfer Core Diploma at their community college and meet the general education requirements at Appalachian State. Degrees awarded prior to 1997 will be evaluated on an individual basis. Students who earn the Associate in Arts, the Associate in Science, the Associate in Fine Arts, defined by the North Carolina Comprehensive Articulation Agreement are exempt from the UNC Minimum Course Requirements (MCR's).

For more detailed information regarding the CAA go to:

<http://www.northcarolina.edu/?q=content/nc-community-college-transfer>

Evaluation of Out-of-State Associate's Degree - see the "Academic Regulations" section of this catalog.

Enrollment Management

General Education Completion at UNC System Institutions - see the "Academic Regulations" section of this catalog.

Course Equivalency Information

The following link will allow you to search for courses from other institutions and determine how they transfer to Appalachian. This is not a comprehensive listing. Contact the Office of Transfer Services if a course is not available.

www.bannerweb.appstate.edu/pls/PROD/bzsktran.P_Select_term

Petition for Equivalent Credit

A student may petition transfer credit for Appalachian courses that are designated as "elective credit" after the initial credit evaluation is completed by the Office of Transfer Services. The student may petition to have the course equated to a specific Appalachian course, by initiating the Transfer Coursework Petition process.

For detailed instructions and access to the form, go to www.transferservices.appstate.edu/current-students/petition-credit-0

Petition for General Education Credit

A student may petition transfer credit for the purpose of meeting general education requirements after the initial credit evaluation is completed by the Office of Transfer Services. A student may petition to have the course reviewed for theme or designation credit. Requests for general education credit must be submitted directly to the Office of General Education with the required syllabus/course documentation. For additional information, contact the General Education Office at (828) 262-2028.

Visiting Coursework

Once an undergraduate student has enrolled as a degree-seeking student at Appalachian, she or he should NOT enroll as a visiting student at another collegiate institution unless prior approval has been received from Appalachian. A student who wishes to attend another collegiate institution should contact the Office of Transfer Services and consult with an advisor to confirm that the course is applicable to the major.

Failure to obtain prior approval may result in the coursework being deemed unacceptable for transfer to Appalachian.

For detailed instructions and access to the form, go to <http://transferservices.appstate.edu/current-students/visiting-coursework-0>

Study Abroad - see www.international.appstate.edu.

University Scholarships

Leah Beth Hubbard, Director

The Office of Admissions acts as a clearinghouse for merit-based scholarships for incoming students and works with the Director of University Scholarships to identify scholarship recipients. Currently enrolled students should contact their department, college/school, or program of study for information about scholarships available to them. Graduate students should contact the Cratis D. Williams Graduate School to inquire about scholarship opportunities.

Incoming students will be invited to apply for merit scholarships based on their Admissions application. The deadline for merit scholarships coincides with the Admissions First Notification Period deadline and information concerning Admissions deadlines can be found at www.admissions.appstate.edu. Applicants are expected to provide evidence of superior academic performance; other requirements vary.

Applicants should consult the scholarships website at www.scholarships.appstate.edu for more detailed information on scholarship specific requirements and information regarding major-specific scholarships.

North Carolina Appalachian Collaborative for Higher Education

Jennifer Wilson-Kearse, Interim Director

www.gocollege.appstate.edu

NCACHE (North Carolina Appalachian Collaborative for Higher Education), a member of the Appalachian Higher Education Network (AHEN), is a collaborative for college access programming, public schools, and higher education in western North Carolina. NCACHE serves as a clearinghouse of information and activities related to improving access to higher education by providing the following: a Directory of College Preparation Opportunities; a list of funding opportunities for K-12 schools in North Carolina; and Pre-Enrollment Programs. Housed at Appalachian State University, NCACHE serves the Appalachian region of North Carolina and provides opportunities for middle and high schools in the twenty-nine NC Appalachian counties to enter college better prepared.

Gear Up, UPWARD BOUND, and UPWARD BOUND MATH SCIENCE are funded by the U.S. Department of Education and are designed to assist middle and high school students in preparing academically and personally for post-secondary education. The students selected for the project receive academic support services, personal and cultural development opportunities and participate in

Enrollment Management

summer residential programs on campus. The projects serve participants from 12 area school districts: Ashe County, Avery County, Watauga County, Wilkes County, Burke County, Alleghany County, Graham County, Swain County, Clay County, Madison County, Yancey County, and Rutherford County.

For further information, visit the NCACHE website at www.gocollege.appstate.edu.

The Registrar's Office

Debbie Race, University Registrar

www.registrar.appstate.edu

The Registrar's Office serves as the official depository for all academic records, undergraduate and graduate. In maintaining the academic record, the Office seeks to insure accuracy, completeness, and confidentiality. Specific responsibilities assigned to the Registrar's Office include the following: plan and implement registration for classes; compile and maintain the academic record; provide both official and unofficial transcripts of the academic record to students, appropriate persons, and agencies; certify enrollment status at the University; process official withdrawals from the University; determine residency status for the purpose of tuition; plan and manage the University's Fall Convocation Ceremony; plan and manage the University's commencement ceremonies held at the end of the fall and spring semesters; receive, process, and track applications for graduation at the undergraduate level; and process former students who wish to re-enroll. In addition to those responsibilities, the Registrar's Office is also formally involved in the consultation, development, and implementation of effective and secure electronic solutions to all problems which require access to and the use of student data.
